

Daniel Morgan

MChiro, MSc SEM, PgCert MSK US, D.C., ICCSP, FRCC, FRCC (Sport)

Education

Welsh Institute of Chiropractic - Merit - 2014.
Diploma of Chiropractic - ECU - 2015
MSc Sport and Exercise Medicine - Cardiff Metropolitan University - 2019.
PgCert Medical Ultrasound - AECC University College - 2019
Internationally Certified Chiropractic Sports Practitioner - FICS

Awards and Achievements

Welsh Institute of Chiropractic Leaders Award (2014)
Graham Heale Award - Outstanding PRT Candidate (2015)
BCA Chiropractic Associate of the Year (2018)

Clinical Experience

Chiropractor at Beaches Chiropractic (2014 to current):

Since graduating in 2014, I have been instrumental in the growth and development of Beaches Chiropractic, Port Talbot. I have been responsible for the introduction of new treatment modalities such as NMES, IASTM, Shock Wave Therapy as well as the introduction on diagnostic ultrasound. The clinic is a multidisciplinary practice, consisting of 3 Chiropractors as well as a massage therapist and a counsellor.

Sports Experience

Events:

Commonwealth Games 2022 (Sonographer/Chiropractor)

Teams

Afan Lido F.C (2014 - 2015)
Kenfig Hill R.F.C (2015 - Current)
Swansea City F.C (2016-2017 - **Locum Cover**)
British Masters Athletics (2016 - Current)
Izusu Southern Kings - UK Tour (2018-2019)
Scarlets Rugby (2019 - Current)
Classic Lions Rugby (2019 - Current)

Chiropractic Research

Swansea City F.C and Bournemouth A.F.C (Under 18-23's):

Since graduating I have always been interested in injury prevention research and as such investigated if dysfunctional trunk movement patterns were associated with injuries sustained in the first 5 months of a season.

Other Professional Roles

British Chiropractic Association:
Chair of the Student and New Graduate Committee
Royal College of Chiropractors (Sports Faculty):
Director of Academic Affairs
Electro Medical Systems (EMS)
Swiss DolorClast Shock Wave Therapy Trainer.

Profile:

A multi-award winning professional, conscientious and committed Chiropractor who holds the utmost morale integrity and strives to achieve the highest of personal and professional standards. Awards achieved demonstrate leadership as well as a desire to continue my educational learning in order to fully understand the treatment and diagnosis of all NMSK conditions.

Time spent learning on the MSc Sport and Exercise Medicine has given me a good understanding of decisions and options for care within a multidisciplinary team consisting of physiotherapists, osteopaths as well as medical doctors. This classroom learning has been put into real world practice in Professional Rugby over the last few years working alongside staff at The Southern Kings, Scarlets Rugby as well as Gloucester Rugby.
